

1

Joining Forces

IEL equips leaders at all ages, stages and sectors to build effective systems in education, career, and citizenship that cultivate inclusion, connection, and upward mobility.

NASN supports 21st Century school nurses, actively pursuing health, education and social equity through shared leadership, so that all students are safe, healthy and ready to learn.

2

Project Goals

- 1. Increasing pediatric COVID-19 vaccination rates among children ages 5–11
- 2. Increasing confidence in the pediatric COVID-19 vaccine
- 3. Creating sustainable school-community partnerships that increase health equity

3

Where ?

- California
- Colorado
- Georgia
- Hawaii
- Maryland
- Oregon
- Virginia
- Washington
- District of Columbia

4

- 501(c) community organizations
- Health centers/clinics
- Local health departments/government organizations
- Non-profit faith-based organizations

7

Grantee Project Focus

Impacting COVID-19 vaccine confidence

Impacting pediatric COVID-19 vaccine uptake/access

Impacting both

8

Responsibilities of Grantees

- Attend one virtual meeting of all grantees at project midpoint to share progress, lessons learned and ask questions
- Participate in online learning community – opportunity to share lessons learned and engage with other grantees
- End of project reporting - # of pediatric COVID-19 vaccines and non-pediatric COVID-19 vaccines administered (shots in arms); # of vaccine confidence activities; summary of project highlighting what worked and what did not

9

NASN: Community Support & TA

- **Virtual Learning Exchange** – dedicated online community for grantees to meet up, receive technical assistance, access resources and share findings. Specific professional development on vaccine confidence, and access opportunities (mobile clinics, SLVs, etc.)
- **Best Practices Spotlight** – ongoing highlighting of successful initiatives, through NASN networks, including how tos, to encourage replication beyond initial grantees.
